COMMUNITY THANKSGIVING SERVICE, NOV. 27 AT WEST PARISH CHURCH

The public is called to share in the Annual Union Thanksgiving Eve Service of giving thanks to be held this year at the West Parish Congregational Church, at 7:30 o'clock, Wednesday, Nov. 27.

The sharing churches are the Bethel United Methodist, Church of the Nazarene, and the West Parish Congregational Church U. C. C.

The combined choir will assist with special Thanksgiving music under the leadership of Mrs. Nestla Littlefield.

The Thanksgiving message will be given by Mr. Richard Dolven, Headmaster of Gould Academy. Assisting ministers are the Rev. George Stebbins, Rev. Calvin Alexander and Rev. Clifford Laws.

The entire community is encouraged to take a little while before gathering for the holiday with relatives, friends and neighbors, to consider our well being in the midst of such world turmoil, and to consider that some of it may be deserved, but so much more is only by the considerate hand of our Creator. Join one another in this eve of giving thanks.

THANK YOU

To the People of Bethel and Vicinity:

I wish to thank all my patrons and friends for their patronage in the store and for the wonderful hospitality and friendship I have enjoyed personally during the years I have been with you.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The method of paying excise tax and registration of snow traveling vehicles has been very confusing for both the owner and the tax collector. We are told now the July 1 date on the excise tax form is to be ignored because the Attorney General's office has ruled these machines are motor vehicles for the purpose of excise and sales taxes.

This will mean unless the machines are excised again by April 1 the Assessors are supposed to tax them as personal property—as motor vehicle excise taxes have expired on March 1. No doubt there will be many owners who will feel they have paid to use their machine until July 1 as stated on the registration form.

There will be a great amount of pressure brought to bear on the next legislature to correct the confusion that exists now in the laws pertaining to these machines.

GOULD HARVESTS TIMBER FROM TREE FARM

Gould Academy owns in excess of 400 acres in Tree Farm in Bethel. Part of it lies very close to and in plain view of the campus. In the past, Gould had a course in forestry and this area was used for fieldwork. During the last several months the area has been marked and is being cut for a second time within ten years. From about 40 acres, 377,000 board feet of bolts and logs and 310 cords of pulpwood have been removed.

The area is used as a cross-country course for track and skiing, and has foot paths used by students, towns people, and people attending seminar sessions at Gould. These paths have been kept open during logging so that people are able to observe the operation as performed by Tom Kennagh and his crew. — Oxford Tree Farm Family News, Fall of 1968.

Those from Bethel attending Kora Temple's Annual Ladies' Night at the Temple in Lewiston on Saturday evening were: Mr. and Mrs. Phillip Cummings, Mr. and Mrs. Charles Keoskie, Mr. and Mrs. Burton Newton, Dr. and Mrs. John Trinward.

NIGHT ROAD PATROL STARTS 15th YEAR

The State Highway Commission's night patrol began its regular seasonal tour of duty last week end. Partial coverage by the patrols on some sections of Interstate and state highways has been underway for the past two weeks due to early winter storms.

This is the fifteenth season the night patrols will keep watch on about 2,000 miles of the state's most-traveled highways, including 218 miles of Interstate highways.

The major purpose of the patrols is to alert plowing and sanding crews if needed. Patrolmen also carry enough sand in their trucks to cover short, icy sections of highway in dangerous locations and are prepared to aid motorists in distress. Last winter, according to a tabulation made by the commission, the night patrol assisted 1,227 motorists stranded in rural areas. Of those aided by the patrols, 968 of the cars had Maine license tags, 259 were registered out of state.

During the nightly round of duty, patrols contact their division offices by radio at least once each hour, through the night, reporting weather and road conditions. This information is passed on by the division offices to the department's headquarters office in Augusta every two hours. Every day at 8:00 a. m. and 10:00 p. m. a statewide report is made available by the Augusta office to the Presque Isle, Ellsworth, Bangor, Portland and Rumford division offices.

All of this information—late reports on local highway conditions as well as the statewide report—is made available to news services and the general public at the above listed offices any time of day or night. Information can also be obtained from the Fairfield offices Monday through Friday from 8:00 a. m. to 5:00 p. m.

Motorists in this area may wish to take note of the telephone number of the Rumford highway office so they may take advantage of this road condition reporting service:

Division VII — Rumford Division Office, 36 Exchange Street —Telephone 364-3391 & 364-2281. Office open twenty-four hours a day, seven days a week. Late state-wide reports available after 6:00 a. m. and 10:00 p. m. every day of the week. Reports available on roads that are patrolled in this division at any time, day or night.

"Why art thou cast down, O my soul? and why art thou disquieted within me? Hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God."

This confident expression of faith from Psalm 42 is included in the Bible Lesson-Sermon titled "Soul and Body" to be read in all Christian Science churches this Sunday.

Among related passages to be read from the denominational textbook is the following: "Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation." (Science and Health with Key to the Scriptures by Mary Baker Eddy) Services begin at 11 a. m. in First Church of Christ Scientist, Main and Tenth Streets, Berlin, N. H. All are welcome.
The title of the next program in the "Bible Speaks to You" series will be "Is a Better Life Just a Dream?"

THANKSGIVING DAY SERVICE AT BERLIN, N. H. CHRISTIAN SCIENCE CHURCH

The Thanksgiving Day Service in First Church of Christ Scientist, Berlin, N. H., Thursday, Nov. 28, will include a period of testimonies of gratitude to God from individuals in the congregation. The service is at 11 a. m. and the church is located at Main and Tenth Streets.

A brief Lesson-Sermon, consisting of readings from the Bible and the Christian Science textbook, relates gratitude to an understanding of God's goodness and love. The Lesson-Sermon will be read by the First and second Readers of the church and the congregation will join in the singing of several hymns.

"Thanks be unto God for his unspeakable gift" (II Corinthians 9:15), the Golden Text of the Lesson-Sermon, states the opening theme of the service.

The Responsive Reading includes passages from Psalms, two of which are: "Truly God is good to Israel, even to such as are of a clean heart (Psalms 73:1); "And they remembered that God was their rock, and the high God their redeemer" (Psalms 78:35).

The following are several of the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"The loss of earthly hopes and pleasures brightens the ascending path of many a heart. The pains of sense quickly inform us that the pleasures of sense are mortal and that joy is spiritual" (page 265).

"The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good" (page 518).

The public is invited to attend this service, and you are always welcome.

LETTER TO THE EDITOR

Dear Sir:

An item in the School Board news in your issue of November 14th calls for further clarification.

The decision to turn down Mr. Ryder's recommendation for a teacher's aide for the Ethel Bisebe School was made after a great deal of discussion. The School Directors are well aware of the advantages of teacher's aides to assist teachers with duties not directly related to teaching.

The most orderly procedure for introducing new positions in the school system is to provide for them in the school budget before the budget is presented to the voters in February. In this way the Directors can assess the alternatives as presented by the school department. I would expect that the Directors would be discussing teacher's aides in the 1969 budget along with teachers salaries, expansion of the hot lunch program, library books, and many other items. At that time the Directors will decide how much money to fund these programs can be justified to the voters at the Annual Meeting.

Very truly yours,
DMS/rf

SOME VETERANS ELIGIBLE FOR TRANSPORTATION TREATMENT ALLOWANCE

Veterans who must travel to receive medical care from the Veterans Administration are reminded that under certain conditions they can be reimbursed for travel, lodging and food.

VA said that veterans authorized government travel to and from VA hospitals are entitled to a maximum of six cents a mile.

Veterans authorized meals and lodging expenses have two alternatives, VA said.

They may receive meal and lodging tickets or, if they elect to be reimbursed for actual expenses, they may receive up to \$12 a day for a night's lodging and three meals.

Government transportation may be authorized for a veteran needing treatment for a service-connected disability. Ordinarily the allowance covers only travel to the nearest suitable hospital and return to his home on completion of treatment.

Veterans who need treatment for conditions that are not related to military service are authorized government transportation only when they state under oath they are financially unable to pay for the travel.

Prior authorization from VA should be obtained in all cases by writing or telephoning the VA hospital at which the veteran is to be treated.

SOUTH WOODSTOCK

— Mrs. Olive Davis, Corres. —

Mr. and Mrs. Roland Benson entertained the following at a Sunday dinner party, Nov. 17th: their son and family, Warrant Officer WO2 Robert and Mrs. Benson and three children, South Paris; Mr. and Mrs. Albert Baird, Gorham, N. H.; Mrs. Margaret Hooper and daughter, Barbara Roberts, Portland, Maine.

Later in the afternoon, Mr. and Mrs. Ellis M. Davis called and Rodney Benson and children.

They all enjoyed seeing pictures of Vietnam which were shown by Robert Benson, who has been on a furlough from the East for a few weeks. He also gave very interesting description of the pictures which was very enlightening as to some of the problems our boys face in this war.

Mr. and Mrs. Ellis Davis were in Auburn Friday on business.

There was no school on Tuesday because of the stormy weather.

Richard Wing has his deer this week. Richard Clements shot a 192 lb. deer, also.

Warrant Officer WO2 Robert Benson left Monday for Knox, Ky., where he expects to be stationed for a while. Mrs. Benson

and three children will follow later after proper housing has been found on the base which is expected to be in early December.

The Willing Workers meeting was postponed because of Educational Week open house for schools at Bryant Pond. It will be held Wednesday evening at Mrs. Wilbur's in West Paris.

James Andrews and Tony called on Mr. and Mrs. Harlan Andrews (grandparents) this week end. Mrs. James Andrews who has finished working in the Co-op store went back to Massachusetts with Mr. Andrews, Devens, their second son, also went and will enter school there.

Mrs. June Demarest called on Mrs. Christine Campbell Saturday afternoon.

Little Ford spent last week with Mr. and Mrs. Harlan Andrews.

Leroy Titus, So. Paris, took dinner with his brother-in-law and wife, Mr. and Mrs. Harlan Andrews.

A very serious accident was averted last week when the young son of Mr. and Mrs. William Wright slipped off the rock into Andrews Mill Pond when playing beside the water. Mrs. Wright went in after him, calling for help. David Garthe heard her and rushed to her aid. He

pulled them out and onto the bank. Lenwood Andrews, Waina Helkkinen and Vincent Stevens arrived at the home and helped get them into the house. The next morning both victims were O K after the immersion and no bad results occurred.

Rebecca Andrews of U. of M. Orono, was home over the week end. She is the daughter of Mr. and Mrs. Lenwood Andrews.

Roland Benson called on Mr. and Mrs. Albert Baird, Gorham, N. H., Sunday morning.

Mrs. Lillian Harmon, sister of Olive Davis flew from Boston to Florida Sunday for the winter. She is staying with Mrs. Lula Wentworth.

Snow has been the chief topic this November. We woke up to a headless house Friday morning. The snow has gone on and on from there causing telephones to be out, breaking lines and causing many accidents because of the greasy driving. Some how the open winter that was predicted closed up all of a sudden. Maybe I should have said "closed-in" with a bang, for that was the way it appeared, catching people with summer tires which added to the accidents and immobility of the said vehicles. Things have straightened out and we're on even keel again with snow treads ready for the next storm.

GREENWOOD CITY

— Mrs. Collista Morgan, Corres. —

Many didn't appreciate the early storm this week. It moved in for a harsh day of cold pelting snow and rain.

The wind grew wilder by the minute, pushing great clouds over the mountain peaks. There was a white ghost in the steady face of snow, whirling so soft and thick against that vicious tangle in the air.

Valleys narrowed and seemed to close. The whole character of the world changed.

Then amidst the storm there came a quavering quack-quack from down the pond. One lonely duck saying, "I am all that is left from my flock so large in early fall!"

I wondered if he was an optimist and thankful that he had escaped the many hunters this fall, or was he pessimistic and swam complaining that all his comrades were taken.

Later in the day, he spread his wings to the gale of wind, rose, and started for — where?

I stood and watched him like a speck of cloud and I thought "There! He's gone!" But gone where? Maybe other voices will say with a happy shout "There he comes! Isn't he an object of beauty and strength, flying in

alone to mingle with others here by the blue ocean, his destination."

I wonder for I have not seen him since.

But come April, he'll return.

On Saturday, "Gramp" my robin friend of summer appeared in our driveway. He chirped a tune or two, flipped his tail and looked at us in disgust, that we should have brought this "stuff" to his playground.

He never even listened when I told him I was disgusted, too, that it arrived so early.

Mrs. Rena Bacon, West Paris, spent Saturday afternoon with Mrs. Fay Holt.

Mr. and Mrs. Bowen, Massachusetts, were at their cottage here this week end.

Mr. and Mrs. Clyde Morgan were Sunday callers at Mr. and Mrs. Carroll Nottage's, South Paris. Mrs. Nottage is still ill but some better.

Mrs. Collista Morgan was unable to go to school on Tuesday this week, and there was no

school on Wednesday because of poor conditions after the heavy storm.

The hunters, many from out of state, are at various camps here in town.

Week end visitors of the Norman Millett's were Mr. and Mrs. Wayne Penley and Billy, West Paris, and Mr. and Mrs. Dwight Oldham of West Paris.

Donald Morey and friend of Connecticut were visitors at the Stanley Hakala's Wednesday and Thursday.

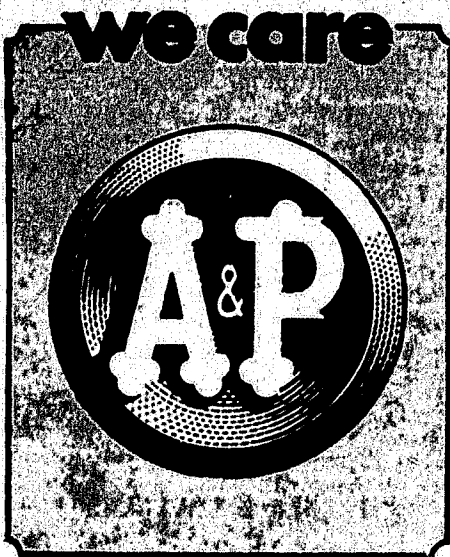

Pat DiArenzo and friends of Philadelphia, Penn., were here last week to do some hunting.

Mrs. Laurel Curtis, Mrs. Joan Morgan, Mrs. Katherine Hakala, Mrs. Pauline Morgan and Mrs. Jean Millett attended the open house at Locke Mills School, Thursday night.
